# EU 10-year network development plan for gas

## 3<sup>rd</sup> EREGEG Workshop

Brussels, 26 January, 2010

13:30 – 16:00

Hotel Crowne Plaza – « Le Palace »

# Overview of the ERGEG work on 10 Year Network Development Plan

- **ERGEG's approach**

- Prepare the implementation of the 3rd package: ACER will have to give an opinion on EU wide 10YNDP and monitor its implementation
- Focus on methodology and expected content
- ERGEG work started in 2008, in parallel with GTE+

- **Documents published**

- ERGEG recommendations, March 2009
- Evaluation of comments paper, November 2009

- **Public consultation and workshops**

- Online consultation from 25 March to 29 May 2009
- 1st ERGEG workshop on 29 April 2009
- 2<sup>nd</sup> ERGEG workshop on 27 October 2009

- **ERGEG revised recommendations in the beginning of 2010**

- **Network simulation project (ongoing)**

# Recent regulatory developments

*a key role for the 10 YNDP*

## 3rd Package

Infrastructure development related to the single market

→ **Prospective**

## EU 10 YNDP

- ✓ Scenarios and simulations
- ✓ Assessment of existing infrastructures & projects
- ✓ Monitoring report

## SoS Regulation

Infrastructure standards for crisis management

→ **Risk mitigation**

## Investment notification

→ **Monitoring**

# Objectives of the 3rd ERGEG workshop

- **Get some lessons from the 1st GTE+/ENTSOG plan to prepare the final ERGEG recommendations**
- **Discuss methodology, data collection issues and stakeholders contribution**
  - Difficulties met during the past procedure and potential improvements
  - Views from stakeholders about their expectations, potential contribution
  - Consultation procedures
- **Discuss the intermediate results of ERGEG study on network simulation (EWI)**
  - Presentation of the model
  - Results and way forward

10:30 – 12:30

*GTE+ Workshop on the 10-Year Investment Statement*

12:30 - 13:30

*Lunch (standing buffet)*

13:30 – 13:45

**Opening address (CRE/BNetzA)**

13:45 – 14:45

**Round table on methodology, highlights of the process and way forward**

- *Presentation of ERGEG recommendations (CRE)*
- *Presentation by Panel Members:  
European Commission DG TREN, ENTSOG, OGP, Eurogas, EFET*
- *Discussion*

14:45 – 15:45

**Intermediate results of ERGEG consultancy study:**

„Model-based Analysis of Infrastructure Projects and Market Integration in Europe with Special Focus on Security of Supply Scenarios“

- *Status of the project (BNetzA)*
- *Intermediate results (EWI)*
- *Discussion*

15:45 – 16:00

**Conclusions & way forward (CRE/BNetzA)**
