

34rd EU ELECTRICITY REGULATORY FORUM

17th-18th June 2019

Day 1 (Monday, 17th June, 14:00 – 18:30)

1. Introductory remarks [14:00 – 14:30]

Chair, Mr Florian Ermacora, Head of Unit, DG Energy

Mr Stefano Besseghini, President of ARERA, the Italian Regulatory Authority for Energy, Networks and Environment [TBC]

2. The post-2020 renewables framework – paving the way for the implementation of the revised Renewables Directive [14:30-15:30]

Presentation by EC, interventions from Wind Europe, Solar Power Europe, Rescoop, EHPA & Member States [tbc]

2.1. The new provisions on renewable self-consumers and renewable energy communities

2.2. Facilitating the use of renewable power purchase agreements

2.3. Mainstreaming renewables in the heating and cooling and transport sectors [in connection with the on-going sector integration discussion]

– Coffee break –

3. Market design initiative – gearing up for the application of the Electricity Regulation [16:00-18:00]

3.1. Overview of key achievements in the market design initiative and update on the on-going fitness check of the State aid guidelines

Presentations by EC. Open floor to reactions.

3.2. Framing bidding zones and cross-border capacity allocation

Presentation by EC; update from Chair of ACER's EWG, including regional view where applicable; presentation by the German Ministry on the national action plan; open floor for reactions.

3.3. Coordinating State interventions in support of resource adequacy ('Capacity mechanisms')

Presentation by EC; presentation by CRE on their ongoing work regarding generation adequacy; interventions from ACER/CEER & ENTSO-E;

4. Integration of electricity market rules through network codes and guidelines: what comes after the adoption of the Electricity Regulation? [18:00-18:30]

4.1. General update on network codes and guidelines

Presentation by EC; open floor to reactions.

– Update on implementation of network codes

– Update on EC's planning for amendment of existing network codes

– Development of new network codes

– End of day 1 –

Day 2 (Tuesday, 18th June, 09:00 – 16:15)

5. The Guideline on Capacity allocation and Congestion Management [09:00-10:00]

5.1 Reporting on progress

- Adaptations to methodologies following the adoption of the Electricity Regulation *Presentation by EC; open floor to reactions.*
- Update on second rollout of XBID – *Joint presentation by power exchanges and ENTSO-E; reactions by ACER/CEER.*
- Update on MCO Governance – *Update by EC; reactions by ACER and NEMO Committee.*

6. Looking ahead at the challenges of the Internal Energy Market and Clean Energy Transition [10:00 -15:15]

6.1. Sector coupling – A perspective from the electricity sector [10:00- 12:00]

- Report on EC sector coupling study and discussions in the Madrid and Copenhagen Forum [10:00 -10:45] – presentation by EC; open floor for comments.

– Coffee break –

- Power-to-gas: opportunities and challenges for electrolysers to participate in the electricity market [11:15-12:00] – intervention by ENTSO-E, CEER and Eurelectric; open floor for comments.

6.2. Enhancing TSO-DSO cooperation in active system management [12:00-13:00]

Joint presentation by TSOs and DSOs; interventions from ACER/CEER, EFET and Smart Energy Europe.

– Lunch break –

6.3. Cyber security considerations for the energy sector [14:15:-15:00]

- EC Guidance - *Presentation by EC.*
- Recommendations for a new network code – *Presentation by ENTSO-E/DSOs.*

7. Electricity market developments in the Energy Community [15:00-15:20]

Update by the Energy Community

– Cocktail –

8. Conclusions [15:50-16:15]
