

# GLASS GLOBE

A Comic Book About  
Renewable Energy

# About the project

This comic book focuses on increasing the knowledge of the young generation on issues like energy efficiency and renewable energy, as well as on the damage inflicted on the environment and nature by wasting energy.

It is a source of enjoyment and excitement for kids as well as a useful tool full of tips and tricks about renewable energy sources.

A COMIC BOOK ABOUT RENEWABLE ENERGY

# About the story

The story of four friends and their pet hamster takes the reader into a world where the only villains are ignorance and mistrust.

Our heroes manage not only to overcome their problems, but change the world for the better by the simple act of spreading awareness and kindness.

# RANDOM TALK Show

PROFESSOR SLATE, PLEASE,  
TELL US WHAT YOU'VE  
LEARNED SO FAR.

WELL, I SEE THAT PEOPLE ARE  
CHANGING THEIR BEHAVIOUR, BUT  
I FEEL THAT IT MAY NOT BE  
ENOUGH.

WE MIGHT NEED  
TO TAKE BIGGER  
STEPS.

PROFESSOR SLATE IS TOURING THE WORLD,  
EDUCATING PEOPLE ABOUT ENERGY  
EFFICIENCY.

IT'S MISSING  
SOMETHING, BUT I CAN'T  
FIGURE OUT WHAT!

WITH THE SCIENCE FAIR JUST HOURS AWAY, LEAH IS  
BECOMING MORE ANXIOUS BY THE MINUTE.

AHA! GOT IT!

THE GLASS GLOBE IS FINALLY IN PERFECT SYNC WITH THE  
WEATHER OUTSIDE.

LET ME JUST REST MY  
EYES FOR A MOMENT ...

WHAT DO YOU SAY  
WE SEE HOW LEAH'S  
DOING, LITTLE MAN?

THE SCIENCE FAIR CONTESTANTS ARE PRESENTING THEIR INVENTIONS.

I DON'T UNDERSTAND. OZZY MUST HAVE PRESSED SOME BUTTON. THE GLOBE NOW SHOWS THE WEATHER IN THE FUTURE!

AND, GUYS, IT REALLY DOESN'T LOOK PROMISING.

WHAT DID YOU DO, YOU LITTLE WIZARD?

MAYBE IT'S SOMEHOW CONNECTED TO OUR ENERGY CONSUMPTION?

WE SHOULD ASK PROFESSOR SLATE! HE'LL KNOW WHAT TO DO.

AS IF I DIDN'T THINK OF THAT! I'VE BEEN TRYING TO REACH HIM ALL DAY.

LET'S GO!

WE MUST GO TO THE LAB, HE'S ALWAYS THERE...

THERE'S NO ANSWER!

THIS PLACE GIVES ME CHILLS...

SLATE!!! PROFESSOR! HELLO? IS THERE ANYBODY THERE?

WHAT ARE THOSE? WHERE IS PROFESSOR SLATE?

LOOK! IT'S A SOLAR PANEL.  
HE MUST BE WORKING ON  
A NEW INVENTION!

WOW, WHAT  
EXACTLY IS  
THIS THING?

HOLA, AMIGOS!  
LOOKING FOR ME?

WHO ARE YOU?  
WE'RE LOOKING  
PROFESSOR SLATE.

WELL, I AM SLATE...  
TECHNICALLY. ALTHOUGH, I'D  
RATHER BE REFERRED TO BY MY  
NICKNAME - GADGET TALES.

CORNELIUS IS MY BROTHER.

SO WHAT EXACTLY  
ARE YOU DOING HERE?  
AND WHERE IS PROF.  
SLATE?

HE'S NOT IN THE  
COUNTRY RIGHT NOW,  
SO I'M BORROWING HIS LAB. I MYSELF  
AM AN ENGINEER.

I RESEARCH  
RENEWABLE ENERGY SOURCES  
AND BUILD GADGETS  
LIKE THESE ONES.

UMM, ARE YOU SEEING  
WHAT I'M SEEING?

PRO... PROFESSOR?...

RENEWABLE ENERGY IS ENERGY OBTAINED FROM NATURAL SOURCES (SUN, WIND, WATER, ETC.) THAT IS NATURALLY REPLENISHED AT A HIGHER RATE THAN IT IS CONSUMED. THE PRODUCTION AND TRANSFORMATION OF SUCH ENERGY INTO SECONDARY ENERGY (E.G. ELECTRICITY) DOESN'T CAUSE ENVIRONMENTAL POLLUTION.

ALRIGHT, WE HAVE  
6 DAYS AND 22 HOURS  
TO FIGURE THIS  
OUT! GAME ON!

DONE DEAL!

MAX AND DANNY! YOU WILL  
BE OUR PR TEAM. SPEAK TO  
YOUR CLUB AND MAKE SURE  
THOSE DRUMMERS ARE  
DRUMMING, IF YOU KNOW  
WHAT I MEAN.

AND YOU CAN COUNT  
ON THIS FLUFFY STAR  
APPEARING IN YOUR  
VIDEOS AGAIN!

THIS TIME HE'LL BE MUCH  
BETTER-DRESSED. WE'LL ALSO  
DISTRIBUTE SOME POSTERS  
AROUND. OH, I LOVE THAT JOB!

THAT'S THE SPIRIT, LUNA!

HERE'S THE PLAN!

TALES AND I WILL BE  
BUILDING RENEWABLE  
ENERGY GADGETS AND  
COMING UP WITH NEW  
PROTOTYPES.

Design  
prototype!  
(Tales-Leah)

Build solar  
gadgets

Spread the word

PR &  
Insta  
Drum

Max  
Danny  
Ozzy

Distribute posters  
(Luna-Ozzy)

SAVE  
THE

SOLAR PANELS CONVERT THE SUN'S ENERGY INTO  
ELECTRICITY. DEPENDING ON THE AMOUNT OF SUNLIGHT AND THE SIZE OF THE  
PANEL, ELECTRICITY GENERATED BY IT CAN BE USED TO POWER ANYTHING FROM  
CELL PHONES TO ENTIRE HOUSES, OR BE STORED IN BATTERIES FOR LATER.

SIMILAR TO PANELS, SOLAR COLLECTORS  
ALSO TRANSFORM THE SUN'S ENERGY. THE ONLY  
DIFFERENCE IS THAT COLLECTORS TURN THIS  
ENERGY INTO HEAT, INSTEAD OF  
ELECTRICITY.

SOLAR OVENS ARE A COOL WAY TO COOK YOUR FAVOURITE SNACK USING ONLY THE SUN'S  
ENERGY. WITH JUST AN EMPTY PIZZA BOX AND A COUPLE OF FOIL SHEETS, YOU TOO CAN BUILD YOUR OWN  
SOLAR OVEN TO MAKE S'MORES, COOKIES OR EVEN HOT DOGS ON A  
HOT SUMMER DAY.

THE WEEK PASSED BY IN A FLASH. THE WHOLE TOWN CONTRIBUTED. BUT THE FUTURE DOESN'T SEEM TO BE IMPROVING QUICKLY ENOUGH.

A WIND POWER STATION IS A GROUP OF WIND TURBINES PLACED IN THE SAME LOCATION TO PRODUCE ELECTRICITY.

A SMALL HYDROPOWER PLANT PRODUCES UP TO 100 KW OF ELECTRICITY BY USING ONLY FLOWING STREAMS OR WATER FLOW. THE ELECTRICITY FROM THESE SYSTEMS CAN BE USED TO POWER ISOLATED HOMES OR ENTIRE COMMUNITIES.

WE'LL SAVE THE FOREST,  
WE'LL SAVE THE SEA -  
'CAUSE WE'RE SAVING ENERGY,  
EASY-PEASY!

THE WORD OF THE GLASS GLOBE AND THE DANGERS OF THE FUTURE SPREAD AROUND TOWN AND THE WHOLE WORLD. PEOPLE EVERYWHERE BEGAN CHANGING THE WAY THEY USE ENERGY.

WE'RE ON THE RIGHT TRACK. BUT THIS MAY NOT BE ENOUGH... MORE PEOPLE NEED TO LEARN ABOUT THIS!

PROFESSOR, MY PROJECT... IT'S DESTROYED, OUR TOWN, IN THE FUTURE.

OZZY CLIMBED IN, BUT IT'S TOO LATE.

WELL, HE SURE KNOWS HOW TO MAKE A DRAMATIC ENTRANCE!

CALM DOWN, EVERYONE! I KNOW! I GOT HERE AS FAST AS I COULD. LET'S JUST HOPE I'M NOT TOO LATE...

THIS IS A PRE-MADE SOLAR PANEL, CUSTOM-BUILT FOR YOUR SCHOOL. WITH ALL THE EFFORT YOU'VE BEEN PUTTING INTO IT, THIS SHOULD

BE ENOUGH TO PREVENT THE FUTURE DISASTER.

LOOK AT THE SCHOOL WINDOWS! THE SOLAR PANEL IS WORKING!!!

REPLACING REGULAR ENERGY SOURCES WITH CLEAN, RENEWABLE OPTIONS LIKE SOLAR, WIND OR HYDRO POWER, IS A CRUCIAL STEP IN REDUCING POLLUTION, AND ENSURING THAT OUR PLANET REMAINS A GREEN AND WELCOMING HOME TO BOTH HUMANS AND ANIMALS FOR YEARS AND YEARS TO COME.
